Subject: FW: Table Summarizing 1,4-Dioxane Sampling Results
Attachments: 1_4_Dioxane_Final_020916.xlsx

Importance: High

Jim

(If I have missed somebody on my distribution above please forward this onto them. Tx)

Per your request of NG we tasked Arcadis with pulling together into one location /table all the available 1,4 dioxane ground water sample results we could locate for the region

The NG tab has NG owned wells and Navy owned wells that NG contractor samples on behalf on the Navy.

Other Navy well data will be provided by Lora Fly.

We are working to identify an NG well meeting the TCE, TCA and 1,4 dioxane min-max parameters discussed on the group CSIA phone call yesterday and will get back you shortly.

Thank You
Ed Hannon
